Good Afternoon,

George Johnson asked that these postings be sent for your information pertaining to the standpipe matter. The water truck for sale is that of Nick Meyers and the Facebook posting regarding the new construction for the line extension.

Respectfully,

This is happening on my street starting today. Most of you see this is a pain in the neck....for Dan and I and our neighbors this is a beautiful sight---water lines to a community that either has a well (that most aren't doing too good) and those of us that haul our water. Anyone need a water hauling trailer 😊
